						4,700,000.00

The funding for these PINs will come from PIN 6900.01/FHWA Project No. BH-6900(01)X in Norridgewock for the replacement of the covered bridge #2187. This bridge was originally funded with Bridge Replacement funds and subsequently utilized High Priority funds from DEMO ID#034. Additional High Priority funds will be available from Demo ID# ME-056, in the amount of \$6,000,000 once the pending accounting system issue with multiple DEMO ID's has been fixed. The Department has identified that State funds are available for these efforts.
